

# Sweetener Extenders & Replacers

**VANILLA**

This technology is available as Pure, With Other Natural Flavors (WONF), (RNF for Canada) and Natural & Artificial (N&A) Flavors, and is designed to enhance and extend Madagascar, Tahitian, Mexican, and Indonesian vanillas.

**MAPLE**

Bell's maple extenders are available in oil and water-soluble forms, with flavors ranging from Grade A: golden color & delicate to Grade A: dark color & robust.

**HONEY**

Bell's honey extender flavors are available in profiles including orange blossom, clover, amber, and wildflower.
